mindfulness & happiness  
retreat.

Brandberg White Lady Lodge - Namibia

The perfect and most relaxing home away from home

**There is no better place than our Silent April Camp 2022 to rejuvenate your body and mind with nature, meditation, and mindful movement to guide you into presence and stillness.**

**Vipassana (Insight) meditation is based on mindfulness, which is always available, everywhere, without limit or cost. The challenge is how to realise it. The answer is that we need to find ways to cultivate mindfulness that lead to insight.**

**This retreat is an invitation for beginners and experienced meditators not only to practise Vipassana but also to join other activities and experience different types of meditation, mindfulness-based activities, yoga, and spending time with yourself.**

SILENT APRIL  
AN INSIGHT JOURNEY

SILENCE  
MEDITATION  
MINDFULNESS  
HAPPINESS

**For beginners, this retreat offers simple, easy and different techniques to start meditating. For experienced (Vipassana) meditators, the retreat provides the frame to deepen their insight.**

**Mindfulness is developed by regular walking and sitting practice, by maintaining awareness during normal activities, such as eating, showering, dressing, and supported by noble chatting with other participants and meditators at certain times and with the facilitator.**

**This retreat invites you to stop running and to calm down.**

**Start your day with a mindful sunrise walk, a gentle yoga session, or a guided meditation and a healthy breakfast before taking a stroll in the gorgeous, natural Namibian surroundings of our retreat camp at Brandberg and join some of the offered activities - check out the programme below.**

**Come and simply enjoy walking without needing to arrive anywhere, grounding and nourishing ourselves with every step, benefitting from the positive impact of a forest bath amongst the Ana trees of the Ugab riverbed or experiencing different textures and sensations under your feet during a barefoot walk on the barefoot trail.**

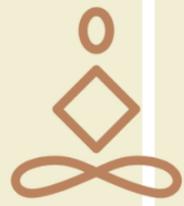

**Walking in silence is a powerful way to reconnect deeply with our bodies and with the earth. Each step made in mindfulness can bring us back to the here and the now. The rhythm of walking calms the mind and we become present, open to see the vastness of nature and the beauty of life.**

**At the end of your retreat, not only will you be a healthier, happier, lighter you, but you will also have the knowledge required to set you on track for a vibrant new healthy and happy lifestyle that will move your life forward.**

**The retreat will be held in a silent and introspective atmosphere. This is a technology-free retreat. This retreat will require from you to hand in your cellphone for the period of your stay. We will take pictures every day that we will share. Your phone will be returned to you after breakfast on the day you leave.**

## **WHAT MAKES THIS RETREAT SPECIAL**

**Do you love to spend time in nature and do you like the idea of a retreat that combines silence, meditation, yoga, walking, mindfulness and happiness?**

**Can you hear the call that it is time to spend more time with yourself?**

**Are you prepared to learn more about yourself?**

**If you answered yes to these questions, then this retreat is definitely for you!**

**The simplicity of our retreat - the walking, the vastness of nature, the power of silence - combined with our retreat programme will bring you right into your heart and centre you.**

**When were you last silent? When did you last choose just purely to listen or simply enjoy the silence? To listen is to focus our attention on feeling, to notice and accept noise, and allow presence to wash over us. When this happens, we can not only access greater states of health and creativity but also develop our own wisdom.**

**But this space for you to be in silence isn't all that is on offer.**

**You will also get the chance to experience new tools and techniques like mindfulness-based activities, forest bathing (Shinrin Yoku) and more. This will allow you to experience your optimal and precious time away from everyday and stressful life.**

**This is a chance to experience the Vipassana (Insight) journey on your own terms. Most retreats are based on a fixed duration and often only for long stays. We prefer to offer you the unique opportunity to choose a length of stay that suits you and a flexible programme of activities. In this way, beginners and busy people also have the opportunity to get to know this form of silence.**

**Are you ready to enter into this silent retreat?**

**You are welcome to join as a couple or as friends. But remember: please maintain the noble silence.**

**We will keep your cellphone(s) safe for you. We will take pictures on a daily basis that we will share with you afterwards. We will provide a WhatsApp/Cell number that your loved ones can contact in the event of any emergency.**

**We will return your phone(s) to you after breakfast on the day you leave. But please keep in mind that the signal at the venue is not great. You will be able to get better signal back at the main road and even better signal in Uis.**

**We offer healthy and nutritious vegetarian food. If you can't live without meat, please bring supplies. However we do encourage you - maybe for a change - to be meat-free for the time of your retreat period. Otherwise, we can store your meat for you, provide a fire / pan and prepare it for you. The vegetarian food will be plenty, yummy and filling ... you will not starve, that's for sure :-)**

**We do provide a range of different smoothies and juices. There will be a blender and a juicer on site. If you want to add specific ingredients like ashwagandha, turmeric, moringa etc. feel free to bring your own. We do not serve any alcohol. If you don't want to be without your drink, please bring supplies. We can keep it cool for you. The bar at the Lodge also serves a range of alcoholic and non-alcoholic drinks.**

**We will have a table with books to read and browse for the time of our retreat - feel free to contribute any book that might be interesting for others. Please put your name/sticker into the book to avoid confusion.**

**There will also be the opportunity to make use of templates from the colouring book and pencils. Feel free to bring any other items that you would like to use during rest / read / study periods.**

**You might never have heard of forest bathing (Shinrin Yoku) before - don't worry. We are not running naked through the Ugab or around the Brandberg ;-)** It is more about “absorbing the forest atmosphere.” This practice will encourage you to simply spend time in nature combined with a mindfulness-based experience. Forest bathing takes place at a slow and almost meditative pace.

**Your tent will be equipped with a camp bed, mattress, pillow and sleeping bag/blanket - if you feel more comfortable with your own bedding, feel free to bring it.**

**The retreat is not connected to any kind of religion and/or associated with a central teaching figure, guru or similar. We are open to everyone.**

**Directions will be shared few days before your arrival with the exact pin from our camp to make sure you don't get lost in the area. There is no 4x4 required to reach the venue.**

**Please make sure your torch / headlamp is working. Bring spare batteries or charging cable. We share our space with the desert elephants that might come over for a visit. After sunset, a working torch is absolutely necessary.**

**We do have a WhatsApp group for last minute questions and for relevant information to be shared. You will be added once your booking is completed. We do read messages during the retreat at least once a day - whilst you are not likely to get an instant answer, we guarantee that we will reply within 24 hours.**
